ACUPUNCTURE, POSTPARTUM, WELL-WOMAN - Acupuncture Birthing Associates offers women a noninvasive approach to wellness before, during and after pregnancy. With a combined 30 years experience, we successfully treat infertility, threatened miscarriage, morning sickness, hemorrhoids, anxiety, pelvic pain, sciatica and a host of other changes/ailments that occur during pregnancy. Research & feedback shows that routine pre-birth acupuncture 4 weeks prior to a women's estimated due date may reduce the time spent in labor and have a reduced rate of medical intervention. Acupuncture is used for labor induction and to turn breech babies in order to avoid invasive methods. Postpartum difficulty of depression, abdominal pain, insufficient lactation and mastitis can all be treated with acupuncture. "Giving women options for their pregnancy care."

BREASTFEEDING, CHILDBIRTH EDUCATION and EDUCATION & TRAINING - Founded in 1953, BACE is one of the oldest childbirth education organizations in the country. We provide referrals to dynamic BACE-certified Childbirth Educators. Our Childbirth Educator Certification Program is unique in the number of workshop hours and personal guidance that it offers. BACE also has an Accelerated Childbirth Educator Certification Program (for maternal health professionals and those currently certified through another organization) and Advanced Childbirth Education Workshops. Through our Nursing Mothers' Council (NMC) we offer breastfeeding counseling, breastpump rentals and sales and professional education in breastfeeding, including IBLCE exam prep. New members are welcome!

Boston

Using my background in research, and interest in women's and baby's health, I offer a unique service as a post-partum doula that includes pre-birth planning, informed discussion of birth options, referrals to birth doulas and midwives in the area, information on hospitals, birth centers, and other pre-natal, birth, and post-partum services. I will help provide you with the best information available on birth related services in the Boston area. I also provide breast-feeding information, newborn information, and nurturing to the new mother and family - including home visits, phone support, possible overnight assistance, meal preparation, organization, and light cleaning. Support can be tailored to your individual needs as a new mother. Sliding scale fees or barter arrangements available.

116 Plymouth Road Newton MA 02461

617-965-2282

lisaberman123@hotmail.com

Greater Boston, North of Boston, Metrowest, South of Boston

BIRTH DOULA - I offer birth doula support to women and their partners -- prenatal visits, 24-hour on-call during birth month, and a postpartum visit. I am passionate about my work and specialize only in labor and delivery support. I do not promote a particular philosophy of birth; rather I help women to have the positive birth experience they hope for, whatever that entails. My professional experience has been that with the combined support of professionals and loved ones, women can have a wonderful childbirth experience. My clients are generally within a 50-mile radius of Boston.

Bertnudes, Debbie

Debbie Bernudes, OTR/L, CIMI, Infant Massage Instruction

2,2, Linwood Street Arlington MA 02474

781-646-4797

Greater Boston, North or Boston, Metrowest

MASSAGE, POSTPARTUM and REIKI - Infant Massage is a parent education program that seeks to empower parents and foster respect for children. Its benefits impact both children and their parents by promoting bonding and communication, facilitating relaxation and the release of tension, helping to strengthen and regulate the child's circulatory, respiratory and digestive systems, helping to alleviate the symptoms of gas and colic, contributing to healthy growth and development, and promoting deeper, more restful sleep. Craniosacral therapy and Reiki are gentle, yet powerful techniques to help balance energy and release restrictions in the body in tune with the body's inner wisdom. Appropriate for both children and adults.

www.Birthready.com

Greater Boston, North or Boston

CHILDBIRTH EDUCATION, BIRTH DOULA and POSTPARTUM SERVICES -- The purpose of these classes is to help the mother and her partner understand how to work most effectively for a positive birth experience. The classes explain how a woman's body is well designed to grow and give birth to healthy babies and how to be most supportive of that. A class series also covers beginning breastfeeding and preparing for the first few weeks at home with a newborn. Each class offers practical tips to use at home right away, a relevant video and time for relaxation. Asking questions and discussing ideas is encouraged.

978-371-1371
esther@childbirthchoices.com
www.childbirthchoices.com

North of Boston, Greater Boston, Metrowest, South of Boston

CHILDBIRTH EDUCATION, COUNSELING, THERAPY & SUPPORT and EDUCATION & TRAINING -- Childbirth Choices was established to help empower and educate women about their choices around childbirth and parenting. Mothers gather in a safe and nurturing environment enabling them to connect to one another and to their partners. Through movement, drawing working with clay, story telling and journaling, people learn how to birth in awareness, even through the unexpected. Parents who, with practice, master the ability to be present and aware at birth, often find it easier to parent mindfully as they rise to meet the challenges ahead. Also offering private prenatal and postpartum adjustment sessions using the Birthing From Within approach.

****Tiny Fingers Tiny Toes Postpartum Care**

Alissa Greenman-Rowe PCD(DONA)

857-891-7880

alissagreenman@yahoo.com

www.tinyfingerstinytoes.com

Boston, Ma

I view my job as a postpartum doula to do whatever it takes to help you and your family adjust to your newborn and feel a bit more "normal". I provide in-home support and care for the new mother and her family so that they can focus on successfully incorporating a new child into their lives. I come with a knowledge of infant care, new mom care, breast and bottle guidance, suggestions for relaxation and older sibling adjustment. I also offer meal preparation, light housework and referrals for all manners of services if you feel you need more assistance. I focus on getting naps for you and making sure you are eating and getting plenty of fluids! I find that most new moms need an unbiased friend, someone to talk with about their birth, their changing moods and their babies poopy diapers!

BREASTFEEDING, COUNSELING, THERAPY & SUPPORT and POSTPARTUM SERVICES -- As a Postpartum Doula my main role is to support and nurture the new mother and her family. Although the birth of a baby is a happy time, it can also be difficult if the necessary support is lacking. My role varies from family to family, I offer emotional support, light housekeeping, cooking, baby care, demonstrating newborn care, and running errands. I take special interest in Jewish parenting and rituals. I also have experience with multiples and I offer extra support for mothers with depression.

Central MA, Western MA

EXERCISE & YOGA, MIDWIFERY, REIKI and LOW INCOME SERVICES -- Complete Homebirth Midwifery care, Waterbirth, Reiki Energywork and AquaNatal Fitness. My practice is based on the knowledge that birth is a sacred and natural process. Women already have the wisdom within them to give

birth. It is my belief that women give birth with their hearts and bodies NOT with their head. I strongly encourage and assist women to educate themselves about birth options and make empowered choices based on their knowledge and intuition. I am the mother of three beautiful children, all born at home with midwives. I am a Certified Professional Midwife (CPM), Childbirth Educator, Certified American AquaNatal Instructor, Children's Yoga Instructor and Reiki Master.

WomanCraft Midwifery Studies Program

Serving all of New England - based in Amherst

EDUCATION & TRAINING, MIDWIFERY ORGANIZATIONS and RESOURCES - WomanCraft provides 1 and 2-year direct entry midwifery programs and workshops in Midwifery Studies. WomanCraft blends a wholistic woman-centered, family-centered philosophy of care with in-depth academic knowledge, technical and experiential hands-on skills and clinical research. Our programs are designed to provide a strong foundation for aspiring midwives and apprenticing midwives. WomanCraft honors and encourages the tradition of apprenticeship within midwifery. Our program follows the core competency document designed by the Midwives Alliance of North America as the standard body of knowledge necessary for the entry-level midwife. Students can elect to work towards the national certification (CPM) through the National Registry of Midwives. The academic foundation and clinical skills students attain in WomanCrafts programs may be used towards the Portfolio Evaluation Process (PEP) of the CPM.
